NOTES :									

Nell Bank residential visit learning outcomes

Geography...by the end of a residential visit to Nell Bank...

All children will recognise the similarities and differences between the Ilkley area and their home; they are able to talk about what they see and what they think.

Most children will be able to describe/compare the physical/human features of the Ilkley area, offer explanations for their observations and judgements about places and environments.

Some children will recognise how people seek to improve and sustain environments they will be able to respond to a range of geographical questions and begin to use appropriate vocabulary.

PHSCE...by the end of a residential visit to Nell Bank...

All children will have the opportunity to face new challenges and make informed choices about how to develop healthy lifestyles through meeting in new people and visiting new places.

Most children will have the opportunity to identify and explain how to manage (perceived) risk in new situations, identify different types of relationship, show ways to maintain good relationships.

Some children will demonstrate respect and tolerance towards people different from themselves by working well with others including with other groups on site.

PE...by the end of a residential visit to Nell Bank...

All children will take part in orienteering activities working in unfamiliar surroundings, with help from others they will solve problems and tackle the challenge of a moonlight walk.

Most children will work with others to solve problems through sharing ideas; they will show the beginnings of reflecting on performance.

Some children will constantly reflect on their own performance and the team's using it to inform future problem solving in addition they will be aware of others and offer support when needed.

Science...by the end of a residential visit to Nell Bank...

All children will recognise and name plants/animals living in different habitats, they adapt to their environment and can name the main parts of a plant.

Most children will be able to name plants and animals through observation, classification, be able to recognise animal adaptations to environments, demonstrate knowledge of food chains.

Some children will be able to classify plants and animals, explain how animals have adapted to the habitats, how they fit into a food web, name numerous plants and animals.
