

Bilton Grange Primary School

Coronavirus (Covid-19) Catch-up Premium Report 2020-21

SUMMARY INFORMATION- BASED ON JANUARY CENSUS 2020

Total number of pupils:	313	Amount of catch-up premium received per pupil:	£80
Total catch-up premium budget:	£25,040		

STRATEGY STATEMENT

Our catch-up strategy has a two-tier approach:

Tier 1- Quality first curriculum.

Class teachers use information gathered through diagnostic assessments and informal formative assessments such as quizzes, multiple choice activities written by teachers to gauge recall of essential knowledge etc. in order to plan teaching and learning. This will involve a range of approaches such as:

- Revising prior learning.
- Daily basic skills practice.
- Planning new learning which takes account of any 'missing essential knowledge' from the previous year.
- Targeted group planning to focus on missing essential knowledge from previous year's curriculum.
- Organised sequences of teaching provision for groups to ensure "catch up".
- Using foundation subjects to support and practice basic skill development such as specific reading, writing, maths objectives (fluency, comprehension, SPAG, vocabulary development, handwriting etc).
- Continuing to use short sessions in the afternoon to tackle children's learning loss in reading, writing and maths from the previous year's curriculum, including same day interventions and short intensive sessions during the week.
- A full curriculum to be taught taking account of the school's risk assessments in the spring/summer term.

Tier 2- Additional Interventions.

To provide support in addition to our provision for quality first teaching. A comprehensive analysis of assessment data has identified pupils working in one of three areas:

1. Pupils with the highest learning loss.
2. Low/Middle attaining pupils working below their personal attainment target.
3. High attaining pupils working below their personal attainment target.

For each area pupils' educational attainment will be assessed through pre/post learning activities within the intervention and through initial baseline data taken from our December 2020 formal assessment point and tracked through to our Spring or Summer 2021 formal assessment points.

Tier 1: Quality first curriculum implementation
