

Individual Isolation Period Time Table for Lower Juniors

Dear families,

Please find below a timetable of activities that your child can complete whilst you and your family are in isolation. Some activities may need to be printed out in order to complete them, however we have tried to keep the majority of tasks accessible without a printer.

If you have any questions, please contact the school and your child's teacher will be in contact as soon as they are able. Work completed on paper can be "handed in" on Purple Mash or brought back to school on your return.

Any support that you can give your child whilst they are not in school is appreciated.

With Best Wishes,

The Lower Junior Team
